INDEX

TO

BRAIN:

A JOURNAL OF NEUROLOGY,

FOR

VOL. XXXV, 1912—1913.

INDEX OF AUTHORS.

André-Thomas, Dr. PAGE

Cerebellar functions (Note on) 256
La fonction cérébelleuse (Note on) 59

Ballet, Gilbert.

Neurasthenia (Note on) 193

Batten, F. E., and Holmes, Gordon.

Progressive spinal muscular atrophy of infants (Werdnig-Hoffmann type) 38
The endogenous fibres of the human spinal cord (from the examination of acute poliomyelitis)... 259

Biedl, Artur.

Innere Sekretion, ihre physiologischen Grundlagen und ihre Bedeutung für die Pathologie (Review)... 306

Bing, R., und Vogt, H.

Ergebnisse der Neurologie und Psychiatrie (Note on) 192

Bingswanger, O., und Redlich, E.

Die klinische Stellung der sogenannten genuinen Epilepsie (Note on) 322

Bleuler, E.

The theory of schizophrenic negativism (Note on) 254

Boas, Harald.

Die Wassermann'sche Reaktion mit besonderer Berücksichtigung ihrer klinischen Verwertbarkeit (Note on) 190

Bolton, J. Shaw, and Moyes, J. Murray.

The cyto-architecture of the cerebral cortex of a human fœtus of eighteen weeks ... 1

Bury, Judson S.

Diseases of the nervous system (Note on) 60

Cassirer, R.

Die Vasomotorisch-tropischen Neurosen (Note on) 322

PAGE

Cushing, Harvey.
The pituitary body and its disorders (Note on) 190
The pituitary body and its disorders (Review) 306

Di Gaspero, H.
Hysterische Lähmungen ; Studien über ihre Pathophysiologie und Klinik (Note on) 323

Dochez, A. R., Peabody, F. W., and Draper, G.
A clinical study of acute poliomyelitis (Note on) 324

Draper, G., Peabody, F. W., and Dochez, A. R.
A clinical study of acute poliomyelitis (Note on) 324

Edinger, Ludwig.
Einführung in die Lehre vom Bau und den Verrichtungen des Nervensystems (Note on) 254

Edinger, Ludwig, und Wallenberg, A.
Bericht über die Leistungen auf dem Gebiete der Anatomie des Centralnervensystems (Note on) 59

Elliott, T. R.
Ductless glands and the nervous system (Review) 306

Flatau, E.
Die Migräne (Note on)... 255

Freud, S.
Selected papers on hysteria (Note on) 324

Gardner, H. Willoughby.
Case of periodic paralysis 243

Hart, Bernard.
The psychology of insanity (Note on) 192

Hilger, W.
Hypnosis and suggestion (Note on) 192

Holmes, Gordon, and Batten, F. E.
Progressive spinal muscular atrophy of infants (Werdnig-Hoffmann type) 38
The endogenous fibres of the human spinal cord (from the examination of acute poliomyelitis) 259

Homén, E. A.
Arbeiten aus dem Pathologischen Institut der Universität Helsingfors (Finland). (Note on) 191

Krause, Fedor.
Surgery of the brain and spinal cord based on personal experience (Note on) ... 191

Lapage, C. Paget.
Feeble-mindedness in children of school age (Note on) 60

Lidbetter, E. J., and Nettleship, E.
On a pedigree showing both insanity and complicated eye disease 195

Mendel, K., und Tobias, E.
Die Tabes der Frauen (Note on) 60

Moyes, J. Murray, and Bolton, J. Shaw.
The cyto-architecture of the cerebral cortex of a human fœtus of eighteen weeks ... 1

PAGE

Nettleship, E., and Lidbetter, E. J.
On a pedigree showing both insanity and complicated eye disease 195

Nitsche, P., and Wilmanns, K.
The history of the prison psychoses (Note on) 256

Parsons, Leonard, and Stanley, Douglas.
Progressive spinal muscular atrophy of young children (Werdnig-Hoffmann type) ... 50

Peabody, F. W., Draper, G., and Dochez, A. R.
A clinical study of acute poliomyelitis (Note on) 324

Pélissier, André.
L'aphasie motrice pure (Note on) 323

Pfeiffer, J. A. F.
A case of Landry's paralysis with especial reference to the anatomical changes ... 293
A contribution to the pathology of chronic progressive chorea 276

Plaut, Felix.
The Wassermann sero-diagnosis of syphilis in its application to psychiatry, nervous and mental disease (Note on) 59

Redlich, E., und Binswanger, O.
Die klinische Stellung der sogenannten genuinen Epilepsie (Note on) 322

Sawyer, J. E. H.
A case of progressive lenticular degeneration 222

Sherlock, E. B.
The feeble-minded (Note on) 192

Singer, Kurt.
Die Ulnaris-Lähmung (Note on) 255

Stanley, Douglas, and Parsons, Leonard.
Progressive spinal muscular atrophy of young children (Werdnig-Hoffmann type) ... 50

Stelzner, H.
Die psychopathischen Konstitutionen und ihre sociologische Bedeutung (Note on) 256

Stroehlin, G.
Les Synciuésies (Note on) 324

Tobias, E., und Mendel, K.
Die Tabes der Frauen (Note on) 60

Tooth, Howard, H.
Some observations on the growth and survival period of intracranial tumours, based on the records of 500 cases, with special reference to the pathology of the gliomata 61

Topley, W. C. C.
A case of generalized streptotrichosis with extensive lesions in the central nervous system 26

Tylor, Christopher.
The paths of encephalic infection in otitis 109

Urstein, M.
Katatonie (Note on) 329

PAGE

Vogt, H., und Bing, R.
Ergebnisse der Neurologie und Psychiatrie (Note on) 192

Wallenberg, A., und Edinger, L.
Bericht über die Leistungen auf dem Gebiete der Anatomie des Centralnervensystems (Note on) 59

White, William A.
Mental mechanisms (Note on) 257

Wickman, Ivor.
Die akute Poliomyelitis bzw. Heine-Medin'sche Krankheit (Note on)... 191

Wilmanns, K. and Nitsche, P.
The history of the prison psychoses (Note on) 256

Wilson, A. Read.
Some rarer manifestations of parasyphilis of the nervous system 153

INDEX OF SUBJECTS.

PAGE

Abscess, brain. C. Tylor 123
cerebellar. C. Tylor 128
cerebral. C. Tylor 125
extra- and intra-dural, and meningitis. C. Tylor 130

Atrophy, progressive muscular, as a parasyphilitic manifestation. A. Read Wilson ... 179
progressive spinal muscular, of infants (Werdnig-Hoffman type). F. E. Batten and Gordon Holmes 38
progressive spinal muscular, of young children (Werdnig-Hoffmann type). Leonard Parsons and Douglas Stanley... 50

Brain abscess. C. Tylor 123
and spinal cord, surgery of the. Fedor Krause (Note on) 191

Central nervous system, a case of generalized streptotrichosis with extensive lesions in the. W. W. C. Topley 26

Centralnervensystems, Bericht über die Leistungen auf dem Gebiete der Anatomie des. L. Edinger und A. Wallenberg (Note on) 59

Cerebellar abscess. C. Tylor 128
functions. Dr. André-Thomas (Note on) 256

Cerebral abscess. C. Tylor 125
cortex of a human fœtus of eighteen weeks, cyto-architecture of. J. Shaw Bolton and J. Murray Moyes 1

Cérébral, le ramollissement (étude anatomo-clinique et expérimentale) diagnostic entre le ramollissement et l'encéphalite. Henri Schaeffer (Note on) 323

Cerebrospinal fluid and the Wassermann reaction. A. Read Wilson 158

Chorea, chronic progressive, a contribution to the pathology of. J. A. F. Pfeiffer ... 276

Cortex, cerebral, of a human fœtus of eighteen weeks, cyto-architecture of. J. Shaw Bolton and J. Murray Moyes 1

Cyto-architecture of the cerebral cortex of a human fœtus of eighteen weeks. J. Shaw Bolton and J. Murray Moyes 1

Degeneration, progressive lenticular, case of. J. E. H. Sawyer 222

Ductless glands and the nervous system. T. R. Elliott 306

Encephalic infection in otitis, the paths of. C. Tylor 109

Epilepsie, die klinische Stellung der sogenannten genuinen. E. Redlich und O. Binswanger (Note on) 322

Eye disease, complicated, and insanity, on a pedigree showing. E. J. Lidbetter and E. Nettleship 195

Feeble-minded, the. E. B. Sherlock (Note on) 192

Feeble-mindedness in children of school age. C. Paget Lapage (Note on) 60

Gliomata, some observations on the growth and survival-period of intracranial tumours, with special reference to the pathology of the. Howard H. Tooth 61

Hypnosis and suggestion. Bernard Hart (Note on) 192

Hysteria, selected papers on, by Sigmund Freud (Note on) 324

PAGE

Hysterische Lähmungen; Studien über ihre Pathophysiologie und Klinik (Note on) ... 323

Infants, progressive spinal muscular atrophy of (Werdnig-Hoffmann type). F. E. Batten and Gordon Holmes 38

Insanity and complicated eye disease, on a pedigree showing. E. J. Lidbetter and E. Nettleship... 195

the psychology of. Bernard Hart (Note on) 192

Internal secretory organs, the. Artur Biedl (Review) 306

Intracranial morbid anatomy. C. Tylor 116

tumours, some observations on the growth and survival-period of, with special reference to the pathology of the gliomata. Howard H. Tooth 61

Katatonie. Manisch-depressives und periodisches Irresein als Erscheinungsform der. Maurycy Urstein 325

Landry's paralysis, case of, with especial reference to the anatomical changes. J. A. F. Pfeiffer 293

L'aphasie motrice pure. André Pélissier (Note on) 323

Lenticular degeneration, progressive, case of. J. E. H. Sawyer 222

Leptomeningitis. C. Tylor 140

Meningitis and extra- and intra-dural abscess. C. Tylor 130

tuberculous, associated with infective otitis media. C. Tylor 138

Mental mechanisms. William A. White (Note on) 257

Migräne, die. E. Flatau (Note on) 255

Muscular atrophy, progressive, as a parasyphilitic manifestation. A. Read Wilson ... 179

atrophy, progressive spinal, of infants (Werdnig-Hoffmann type). F. E. Batten and Gordon Holmes 38

atrophy, progressive spinal, of young children (Werdnig-Hoffmann type). Leonard Parsons and Douglas Stanley 50

Negativism, schizophrenic, the theory of. E. Bleuler (Note on) 254

Nervensystems, Einführung in die Lehre vom Bau und den Verrichtungen des. Ludwig Edinger (Note on)... 254

Nervous system, central, a case of generalized streptotrichosis with extensive lesions in the. W. W. C. Topley 26

system, diseases of the. Judson S. Bury (Note on) 60

system, some rarer manifestations of parasyphilis of the. A. Read Wilson .. 153

Neurasthenia. Gilbert Ballet (Note on) 193

Neurologie und Psychiatrie, Bibliographie der, für das Jahr 1910 (Note on) 257

und Psychiatrie, Ergebnisse der. H. Vogt und R. Bing (Note on) 192

Neurosen, die vasomotorisch-tropischen. R. Cassirer (Note on) 322

Optic atrophy, primary, as a parasyphilitic manifestation. A. Read Wilson 173

Otitis, the paths of encephalic infection in. C. Tylor 109

media, infective, tuberculous meningitis associated with. C. Tylor 138

Pachymeningitis. C. Tylor 130

Paralysis, Landry's, with especial reference to the anatomical changes. J. A. F. Pfeiffer 293

periodic, case of. H. Willoughby Gardner 243

Parasyphilis of the nervous system, some rarer manifestations of. A. Read Wilson ... 153

Pituitary body and its disorders. Harvey Cushing (Note on) 190

body and its disorders. Harvey Cushing (Review) 306

Poliomyelitis, acute, a clinical study of. F. W. Peabody, G. Draper, and A. R. Dochez (Note on) 324

acute, the endogenous fibres of the human spinal cord, from the examination of. F. E. Batten and Gordon Holmes 259

die akute, bzw. Heine-Medin'sche Krankheit (Note on) 191

PAGE

Prison psychoses, the history of the. P. Nitsche and K. Wilmanns (Note on) 256

Psychiatrie und Neurologie, Ergebnisse der. H. Vogt und R. Bing (Note on) 192

Psychopathischen Konstitutionen und ihre sociologische Bedeutung. H. Stelzner (Note on) 256

Psychoses, prison, the history of the. P. Nitsche and K. Wilmanns (Note on) ... 256

Schizophrenic negativism, the theory of. E. Bleuler (Note on) 254

Sclerosis, primary lateral, as a parasyphilitic manifestation. A. Read Wilson 175

Sekretion, innere, ihre physiologischen Grundlagen und ihre Bedeutung für die Pathologie (Review) 306

Sinus thrombosis, lateral. C. Tylor 118

Spinal cord and brain, surgery of. Fedor Krause (Note on) 191

cord, human, the endogenous fibres of the (from the examination of acute poliomyelitis). F. E. Batten and Gordon Holmes 259

muscular atrophy, progressive, of infants (Werdnig-Hoffman type). F. E. Batten and Gordon Holmes 38

muscular atrophy, progressive, of young children (Werdnig-Hoffmann type). Leonard Parsons and Douglas Stanley 50

Streptotrichosis, a case of generalized, with extensive lesions in the central nervous system. W. W. C. Topley 26

Syncinésies, les. G. Stroehlin (Note on) 324

Syphilis, the Wassermann sero-diagnosis of, in its application to psychiatry, nervous and mental disease. Felix Plaut (Note on) 59

Tabes der Frauen. K. Mendel und E. Tobias (Note on) 60

primary optic atrophy combined with. A. Read Wilson 173

Tabo-paresis as the prototype of combined parasyphilitic disease of the nervous system. A. Read Wilson 171

Thrombosis. lateral sinus. C. Tylor 118

Tuberculous meningitis associated with infective otitis media. C. Tylor... 138

Tumours, intracranial, some observations on the growth and survival-period of, with special reference to the pathology of the gliomata. Howard H. Tooth 61

Ulnaris-Lähmung, die. K. Singer (Note on) 255

Visual sensory area, localization of. J. Shaw Bolton and J. Murray Moyes 10

Wassermann reaction and the cerebrospinal fluid. A. Read Wilson 153

Sero-diagnosis of syphilis in its application to psychiatry, nervous and mental disease. Felix Plaut (Note on) 59
